

# Local Insight England Summary Report

Milton Keynes City

Milton Keynes Council

30 April 2025

## Local Insight

Local Insight provides instant access to the information you need for the neighbourhoods you care about.

We bring together small-area social and demographic data in one easy to use and intuitive platform. You can explore data for any area you are interested in through maps, dashboards and reports.

Find out more at: [localinsight.org](https://localinsight.org)

## OCSI

We combine expertise in research and technology to support organisations working for social good to make evidence-based decisions. We have worked with more than 250 public and community sector organisations from local to international level.

Our research and services are based on unrivalled knowledge and use of place-based social, economic and demographic data.

Find out more at: [ocsi.uk](https://ocsi.uk)

## About the indicators

OCSI routinely collect all small-area data published by more than 50 government agencies and other reputable bodies. We identify key indicators relevant to local authorities, grantmakers and charities to include within this report and the Local Insight platform.

We manage and maintain all the data and provide comprehensive metadata so that you can be confident you are using the most up-to-date data.

## How we have identified the area of Milton Keynes City

Oxford Consultants for Social Inclusion Ltd. All rights reserved.

Copyright © 2025

This report is based on the “Milton Keynes City” area, created by Milton Keynes Council. The map image of the area is shown at the beginning of this report. The map imagery is provided by Google, using boundary definitions published by the Office for National Statistics (ONS). Statistical and geographic data are sourced from the ONS and are used under the terms of the Open Government Licence v3.0. Contains Ordnance Survey data © Crown copyright and database right [2025].

We use sophisticated aggregation and apportioning methods to calculate the data values used in the charts and tables in this report.

Alongside data for the “Milton Keynes City” area, we also display data for the selected comparator areas: South East and England.

## Population Composition

The table below provides insight into the population composition in Milton Keynes City. These population figures provide detail of the structure of the population by broad age bands and sex. This data is taken from the Office for National Statistics (ONS) 2022 Mid-Year Population Estimates.

There are 292,517 people in Milton Keynes City. This is smaller than the population of South East (9,387,286) and smaller than the population of England (57,112,542).

Population Composition						
Indicator	Milton Keynes City		South East		England	
	Count	Rate	Count	Rate	Count	Rate
Total Population	292,517	-	9,387,286	-	57,112,542	-
Males	144,388	49.36%	4,593,507	48.93%	27,986,032	49.00%
Females	148,129	50.64%	4,793,779	51.07%	29,126,510	51.00%
Population Aged 0-15	63,462	21.70%	1,745,770	18.60%	10,567,635	18.50%
Population Aged 16 to 64	187,925	64.24%	5,794,533	61.73%	35,915,152	62.88%
Population Aged 65+	41,130	14.06%	1,846,983	19.68%	10,629,755	18.61%

## Index of Multiple Deprivation (IMD)

The following visualisations draw upon data from the Index of Multiple Deprivation (IMD) to give insight into vulnerable populations in Milton Keynes City, South East, England. The Indices of Deprivation 2019 are a relative measure of deprivation for small areas (Lower-layer Super Output Areas) across England. The overall Index of Multiple Deprivation 2019 combines together indicators under seven different domains of deprivation: Income Deprivation; Employment Deprivation; Education Skills and Training Deprivation; Health Deprivation and Disability; Crime; Barriers to Housing and Services and Living Environment Deprivation. A higher score indicates that an area is experiencing high levels of deprivation.

The boxes below show the IMD score and rank (average LSOA Rank, where a lower rank indicates that an area is experiencing high levels of deprivation) for Milton Keynes City, South East and England.

Milton Keynes City has an IMD score of 17.98. This means that Milton Keynes City has higher levels of deprivation to South East (15.55) and lower levels of deprivation to England (21.76).

<p>IMD Score</p> <p><b>17.98</b></p>	<p>IMD Rank</p> <p><b>18,495</b></p>
<p>(South East = 15.55, England = 21.76)</p>	<p>(South East = 20,519, England = 16,356)</p>

Source: Ministry of Housing Communities and Local Government (MHCLG; 2019)

The bar chart below explores this further, showing the proportion of people living in neighbourhoods grouped into deciles according to level of deprivation derived from the IMD. A higher score on the IMD indicates that an area is experiencing greater levels of deprivation. To clarify, all neighbourhoods in England are grouped into ten equal sized groups “deciles”; neighbourhoods in decile 1 fall within the most deprived 10% of neighbourhoods nationally, whilst neighbourhoods in decile 10 fall within the least deprived 10% of neighbourhoods nationally.

## Deprivation Deciles

# Housing

## Average House Prices

The figures below show the mean house prices by accommodation type across Milton Keynes City and comparator areas for four key dwelling types (detached houses, semi-detached houses, terraced houses and flats). Data on house prices is from the [Land Registry open data, price-paid dataset](#). The Land Registry collect data on all housing transactions, published by individual property and date with the average house-price for all property types calculated on a rolling 12 months total.

The average property price for all dwelling types in Milton Keynes City was £350,496 between Mar-2024 to Feb-2025. This is lower than within South East (£440,885) and lower than the average within England (£356,508).

*Note: Some small areas may not have had a transaction recorded within the twelve month period leading to gaps in the figures below.*

<p>Average House Price</p> <p><b>£350,496</b></p>

### Average House Prices

Indicator	Milton Keynes City	South East	England
Detached Houses	£526,871	£695,441	£512,675
Semi-Detached Houses	£335,086	£428,731	£321,109
Terraced Houses	£284,769	£352,418	£297,302
Flats	£175,110	£242,723	£312,867

Source: UK Land Registry

### Housing Tenure

The chart below provides the proportion of the housing in the area by tenure type. The tenure of a household is derived from the response to the 2021 Census question asking whether the household owns or rents its accommodation and, if rented, from the response to the question asking who is the landlord.

## Housing Tenure

Source: Census 2021

# Crime

The following data provides insight into the recorded crime rates in an area. The data is created using the rolling 12 month total of neighbourhood-level incidents for various types of offence as a rate per 1,000 residents. The incidents were located to the point at which they occurred and allocated to the appropriate lower super output area (LSOA). This is based on data for individual crime incidents published via the [Police UK open data portal](#) which has been linked by Local Insight to selected neighbourhoods.

Please note there can be missing data in Police.uk crime counts for certain areas. This is often due to issues with IT system changes at various police forces such as Devon and Cornwall, and Greater Manchester currently, which affects their reporting of figures to Police UK. Please see [Police UK's change log](#) for details of current known issues.

## Crime and Anti-Social Behaviour Summary

The table below shows counts and rates for the main crime types and anti-social behaviour incidents between Mar-2024 to Feb-2025.

There were 29,909 total crime offences in Milton Keynes City between Mar-2024 to Feb-2025, with the overall crime rate being 102.2 per 1,000 population. This is higher than the average across South East (82.8) and higher than the average across England (91.1).

Crime and Anti-Social Behaviour Summary						
Indicator	Milton Keynes City		South East		England	
	Count	Rate	Count	Rate	Count	Rate
Total Crime	29,909	102.2	777,114	82.8	5,200,169	91.1

# Health

## Disability Benefits

The table below shows a series of indicators related to disability benefits providing the total numbers of claims and proportions within each area that are accessing the support systems available. It includes the following benefits;

- Personal Independence Payment (PIP) can help with extra living costs if you have both: a long-term physical or mental health condition or disability and difficulty doing certain everyday tasks or getting around because of your condition.
- Disability Living Allowance (DLA) is payable to children and adults who become disabled before the age of 65. It is being replaced by other benefits (mainly PIP).
- Attendance Allowance helps with extra costs if you are over 65 and have a disability severe enough that you need someone to help look after you.
- Universal Credit (UC) disabled child entitlement is an increased award for the child element of UC where a child is entitled to a rate of DLA or PIP.
- Universal Credit (UC) limited capability to work entitlement is for when a household member has limited capacity to work due to poor mental or physical health conditions.
- 

7.62% of the working-age population in Milton Keynes City are receiving Personal Independence Payments (PIP). This is similar to the proportion in South East (7.21%) and lower than the proportion in England (9.41%).

Disability Benefits						
Indicator	Milton Keynes City		South East		England	
	Count	Rate	Count	Rate	Count	Rate
Personal Independence Payment (PIP)	14,312	7.62%	417,605	7.21%	3,380,172	9.41%
Disability benefit (DLA)	5,816	1.99%	192,746	2.05%	1,201,270	2.10%
Older people social care benefit (Attendance Allowance)	5,150	12.52%	217,822	11.79%	1,406,281	13.23%
Households on Universal Credit, Disabled Child Entitlement	2,146	1.90%	63,703	1.67%	425,722	1.82%
Households on Universal Credit - Limited Capability for Work Entitlement	5,898	5.21%	169,904	4.46%	1,438,349	6.14%

### Long-Term Physical/Mental Health Conditions

The boxes below show the number and proportion of people disabled under the Equality Act with different limitations on day-to-day activity and also for those who have a long term physical or mental health condition but are not limited day to day.

Figures are taken from responses to the 2021 Census and are based on a self assessment of whether or not a person has a limiting long-term illness, health problem or disability which limits their daily activities or the work they can do, including problems that are due to old age.

Oxford Consultants for Social Inclusion Ltd. All rights reserved.

Copyright © 2025

In Milton Keynes City, the proportion of people disabled under the Equality Act with their day-to-day activities limited a lot is 5.9%. This is similar to the proportion in South East (6.26%) and lower than the proportion in England (7.33%).

Day-to-Day Activities Limited a Lot	Day-to-Day Activities Limited a Little	Physical or Mental Health Condition but Day-to-Day Activities Are Not Limited
<p style="text-align: center;"><b>16,941</b></p> <p style="text-align: center;">5.9% (South East = 6.26%, England = 7.33%)</p>	<p style="text-align: center;"><b>25,571</b></p> <p style="text-align: center;">8.91% (South East = 9.87%, England = 9.97%)</p>	<p style="text-align: center;"><b>18,254</b></p> <p style="text-align: center;">6.36% (South East = 7.53%, England = 6.83%)</p>

The bar chart below is a visualisation of the change in the proportion of people with no qualifications over a 10 year period by comparing data from Census 2011 to Census 2021.

# Employment

## Full-Time and Part-Time Jobs

The chart below shows the number (rounded to the nearest 1,000) and proportion of all employee jobs that are full-time and part-time. Data is taken from the 2023 Business Register and Employment Survey (BRES) of approximately 80,000 businesses and weighted to represent all sectors of the UK economy.

There are approximately 135,000 full-time jobs and 53,000 part-time jobs in Milton Keynes City. The proportion of full-time jobs in Milton Keynes City (72.19%) is higher than the proportion in South East (67.86%) and higher than the proportion in England (69.16%).

## Full-Time and Part-Time Jobs

Source: Business Register and Employment Survey (BRES)

## Jobs Density

The chart below shows a time series of job density between 2009 and 2023 across Milton Keynes City, South East and England. Jobs density reflects the number of jobs located in the local area as a percentage of the working age population in that area. Data is taken from the Business Register and Employment Survey (BRES) of approximately 80,000 businesses and weighted to represent all sectors of the UK economy.

Oxford Consultants for Social Inclusion Ltd. All rights reserved.

Copyright © 2025

In Milton Keynes City, the jobs density has remained stable, from 0.88 in 2009 to 1.01 in 2023. This latest figure is similar to the proportion in South East (0.77) and similar to the proportion in England (0.79).

The BRES definition of an employee is anyone working on the BRES reference date who is aged 16 years or over that the contributor directly pays from its payroll(s), in return for carrying out a full-time or part-time job or being on a training scheme.

## Jobs Density

# Communities and Environment

## Community Needs Index (CNI) Ranks

The chart below shows the overall rank on the 2023 Community Needs Index (CNI), as well as a rank on each of the three CNI domains for Milton Keynes City, South East and England. The CNI was developed to identify areas experiencing poor community and civic infrastructure, relative isolation and low levels of participation in community life. The index was created by combining a series of 28 indicators, conceptualised under three domains: Civic Assets, Connectedness and Active and Engaged Community. A lower rank indicates that an area has relatively higher levels of need.

- Civic Assets: measures the presence of key community, civic, educational and cultural assets in a close proximity of the area. These include pubs, libraries, green space, community centres, swimming pools – facilities that provide things to do often, at no or little cost, which are important to how positive a community feels about its area.
- Connectedness: measures the connectivity to key services, digital infrastructure, isolation and strength of the local jobs market. It looks at whether residents have access to key services, such as health services, within a reasonable travel distance. It considers how good public transport and digital infrastructure are and how strong the local job market is.
- Active and Engaged Community: measures the levels of third sector civic and community activity and barriers to participation and engagement. It shows whether charities are active in the area, and whether people appear to be engaged in the broader civic life of their community.
- 

Milton Keynes City has an overall CNI rank of 16,622. This means that Milton Keynes City has higher levels of community need than South East (17,783) and higher levels of community need than England (17,040).

## CNI Rank

## Indices of Deprivation (IoD) Air Quality

The boxes below show modelled estimates of air quality based on the concentration of four pollutants: nitrogen dioxide, benzene, sulphur dioxide and particulates. Values for each of the pollutants were based on 2016 air quality data published by the UK Air Information Resource for 1km grid squares. A higher concentration indicates that an area is experiencing high levels of deprivation.

Oxford Consultants for Social Inclusion Ltd. All rights reserved.

Copyright © 2025

Milton Keynes City's estimated concentration of nitrogen dioxide is 0.399. This is similar to the concentration in South East (0.397) and lower than the concentration in England (0.430).

<p style="text-align: center;">Nitrogen Dioxide</p> <p style="text-align: center;"><b>0.399</b></p>	<p style="text-align: center;">Benzene</p> <p style="text-align: center;"><b>0.107</b></p>	<p style="text-align: center;">Sulphur Dioxide</p> <p style="text-align: center;"><b>0.032</b></p>	<p style="text-align: center;">Particulates</p> <p style="text-align: center;"><b>0.430</b></p>
<p style="text-align: center;">(South East = 0.397, England = 0.430)</p>	<p style="text-align: center;">(South East = 0.108, England = 0.098)</p>	<p style="text-align: center;">(South East = 0.030, England = 0.034)</p>	<p style="text-align: center;">(South East = 0.411, England = 0.395)</p>

# Access and Transport

## Car Ownership

The table below shows the number and proportion of households according to their ownership of a car or van. This is based on responses to the car ownership question in the 2021 Census which asks information on the number of cars or vans owned, or are available for use, by one or more members of a household. This includes company cars and vans available for private use and is based on details for private households only. Cars or vans used by residents of communal establishments are not counted.

In Milton Keynes City, 17.11% of households have no access to a car or van. This is similar to the proportion without access to a car or van in South East (16.86%) and less than the proportion without access to a car or van in England (23.54%).

Car or Van Ownership						
Indicator	Milton Keynes City		South East		England	
	Count	Rate	Count	Rate	Count	Rate
No Car	19,349	17.11%	642,098	16.86%	5,516,098	23.54%
1 Car	49,077	43.39%	1,553,917	40.81%	9,674,645	41.28%
2 Cars	34,030	30.09%	1,163,276	30.55%	6,106,970	26.06%
3+ Cars	10,646	9.41%	448,675	11.78%	2,138,372	9.12%

Source: Census 2021

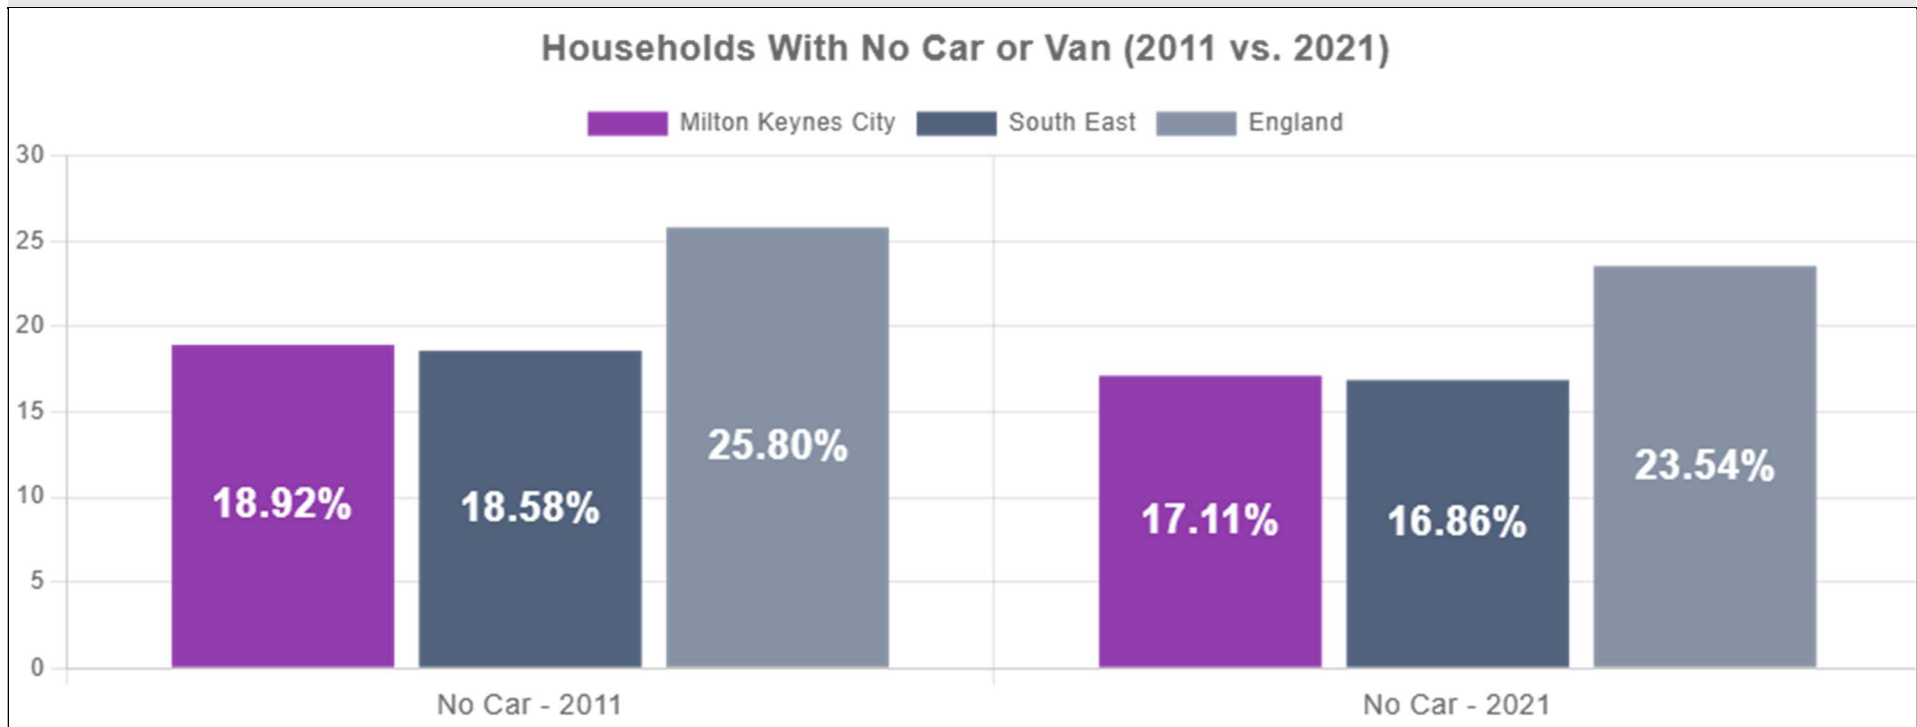

The bar chart below shows the numbers of households with no car or van in the 2021 Census alongside the proportions from the previous Census to identify changes over time.

Oxford Consultants for Social Inclusion Ltd. All rights reserved.

Copyright © 2025

In 2011, 18.92% of households in Milton Keynes City had no access to a car or van. This is greater than the proportion without access to a car or van in 2021 (17.11%).
