Income Deprivation (age 60+)

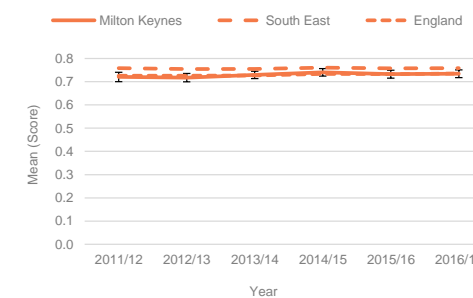

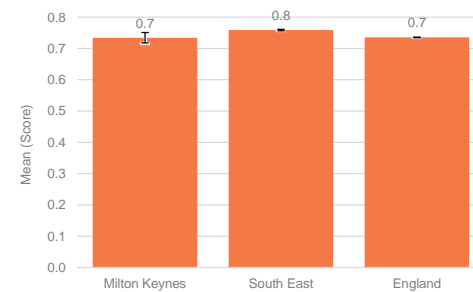

Disability free life expectancy at birth (M/F)

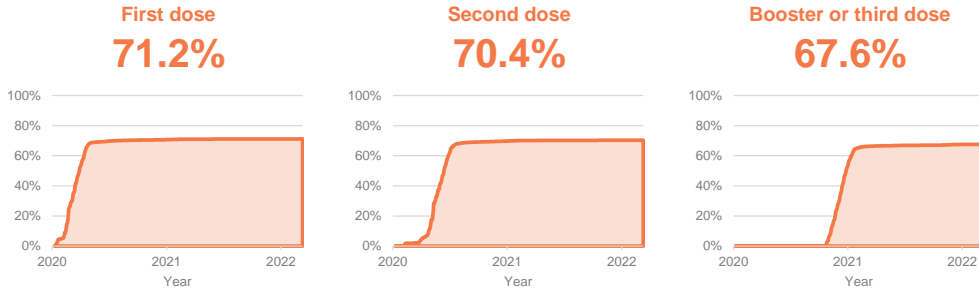

Disability-free life expectancy at 65 (M/F)

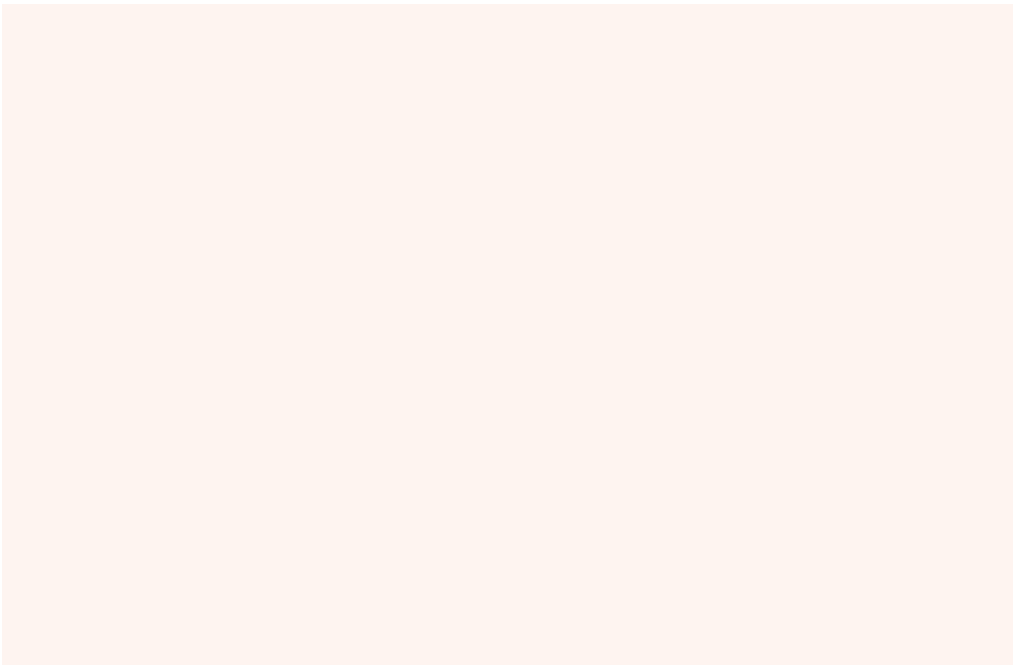

Health related quality of life for older people (age 65+)

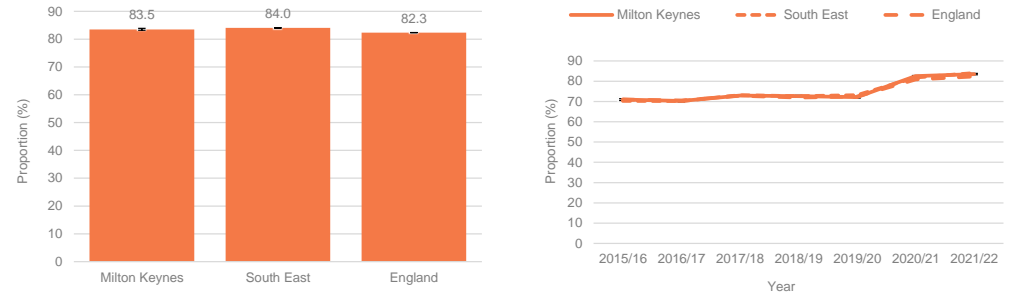

Covid vaccination: Percentage uptake (60 and over)

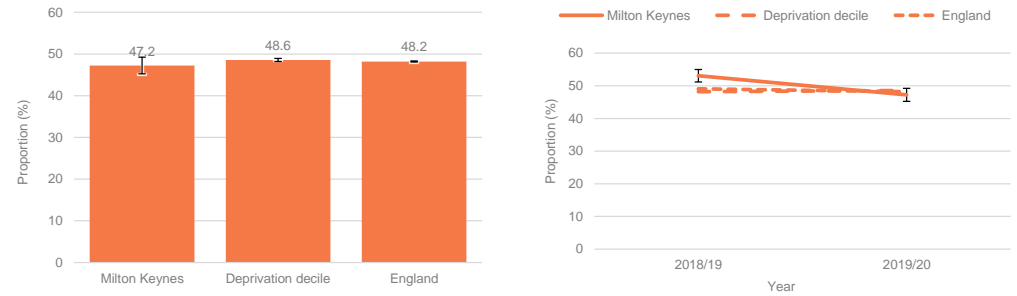

Key Points

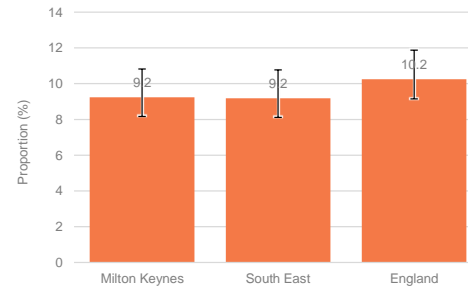

Population vaccination coverage: Flu (65 and over)

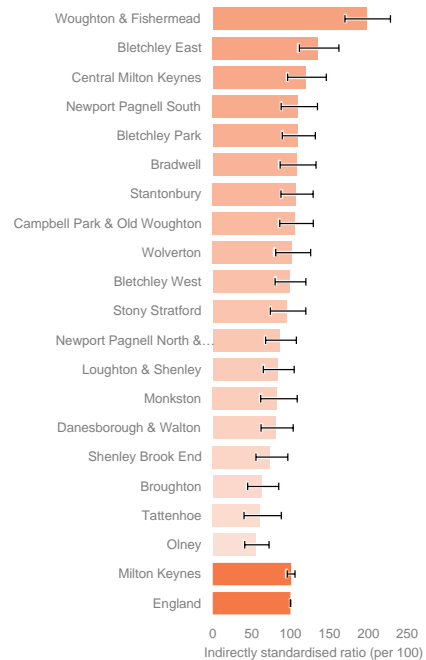

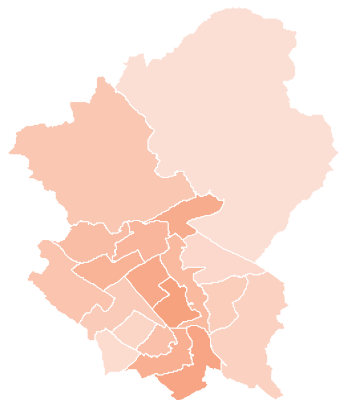

Population vaccination coverage: Shingles (71 years)

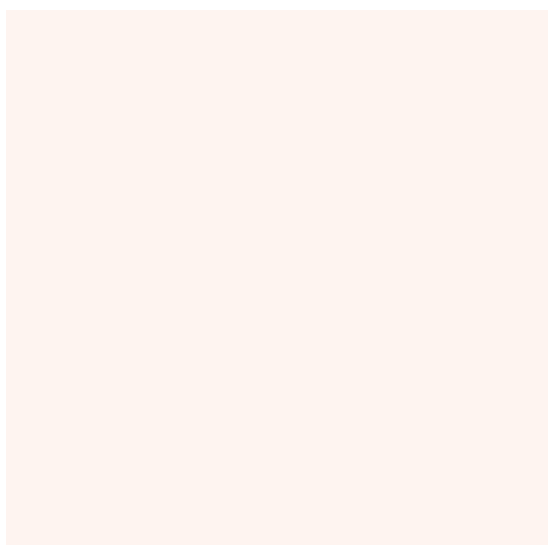

Estimated prevalence of common mental disorders: % of population (65 and over)

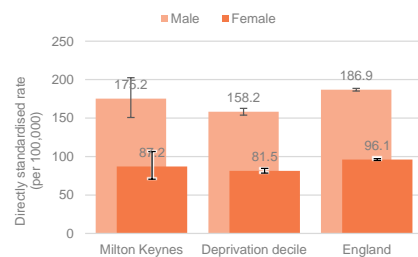

Deaths from causes considered preventable, under 75 years by Ward

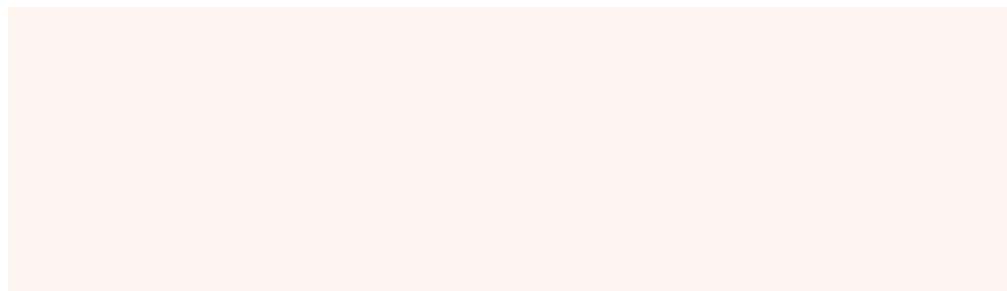

Key Points

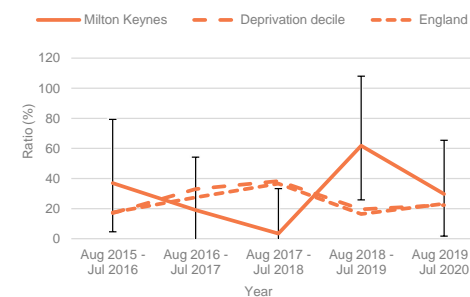

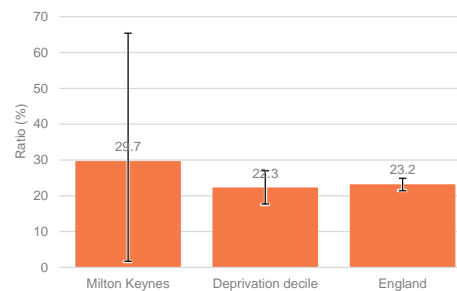

Under 75 mortality rate from causes considered preventable

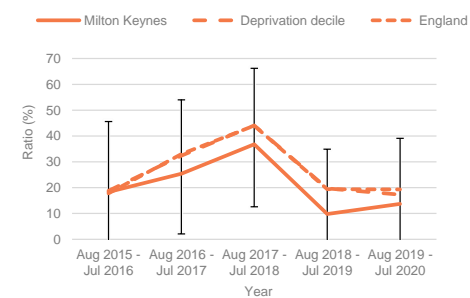

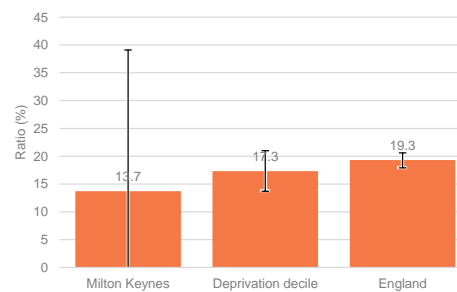

Key Points

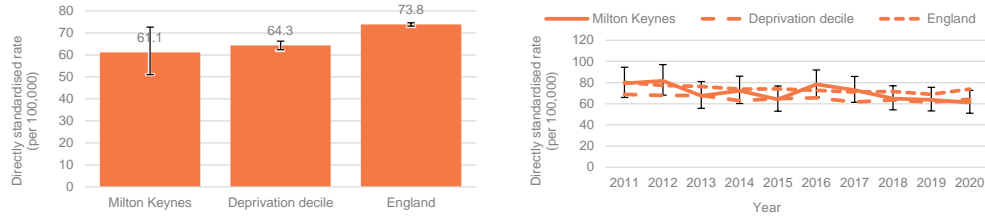

Excess winter deaths index (age 85+) Males

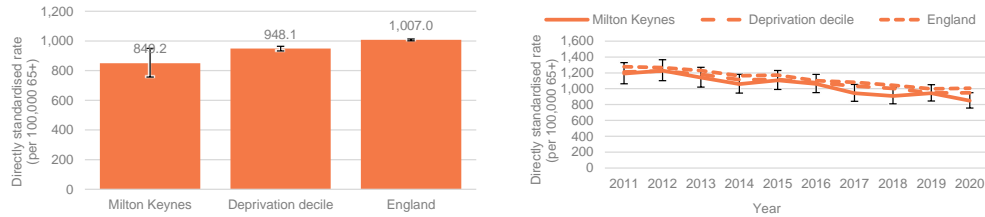

Excess winter deaths index (age 85+) Females

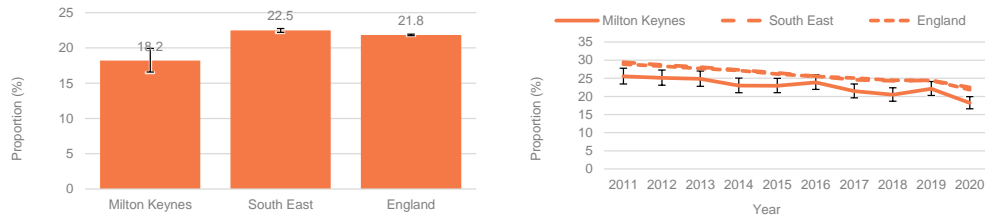

Under 75 mortality rate from all cardiovascular diseases

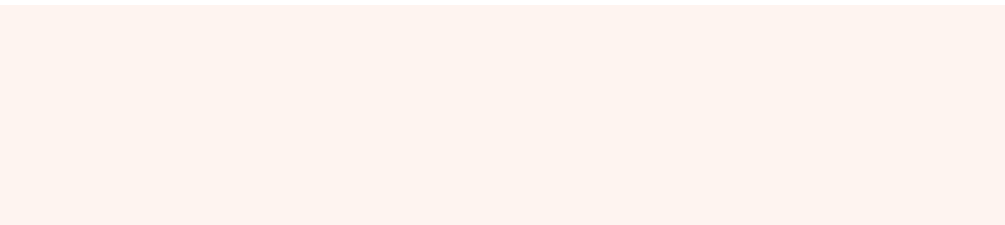

Mortality rate from all cardiovascular diseases, ages 65+ years

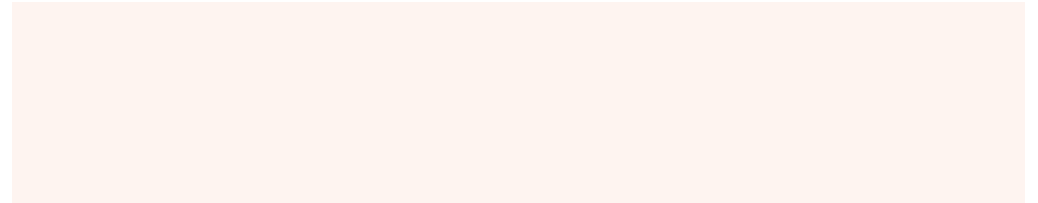

Percentage of deaths with underlying cause circulatory disease

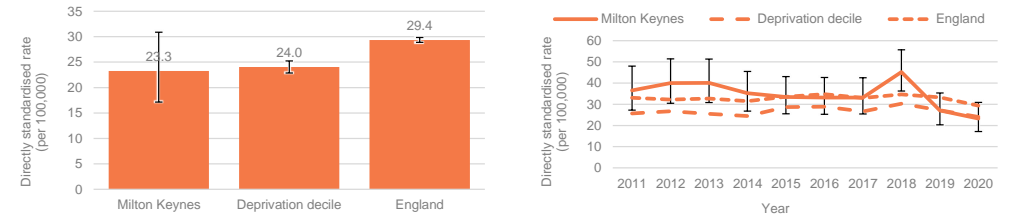

Key Points

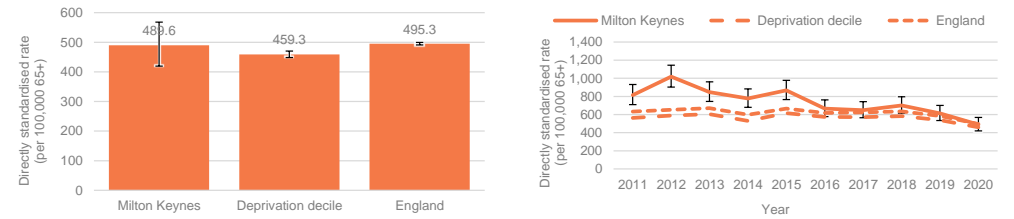

Key Points

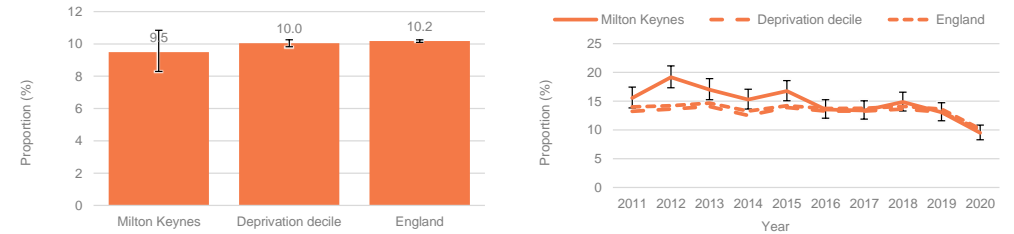

Under 75 mortality rate from respiratory disease

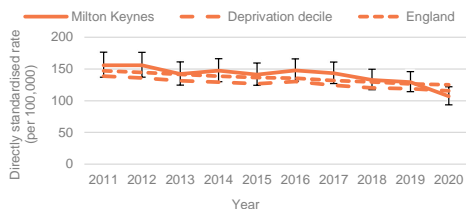

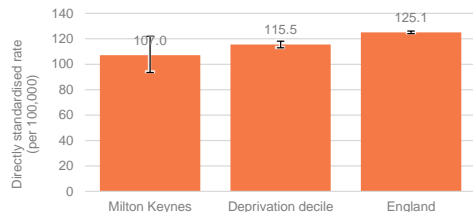

Mortality rate from respiratory disease, ages 65+ years

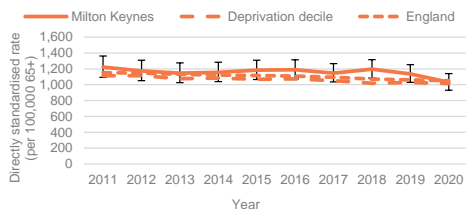

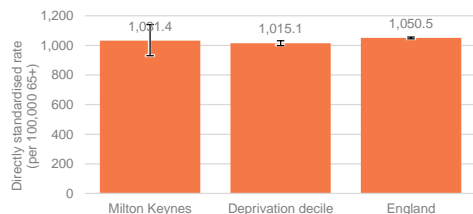

Percentage of deaths with underlying cause respiratory disease

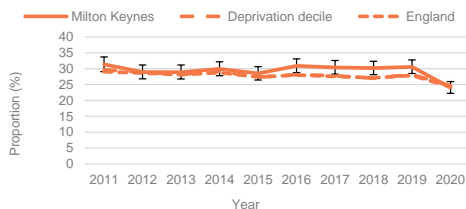

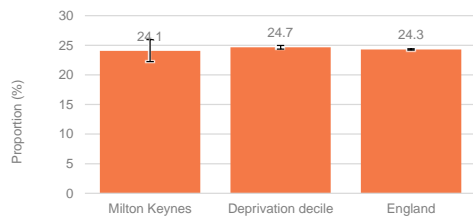

Under 75 mortality rate from cancer

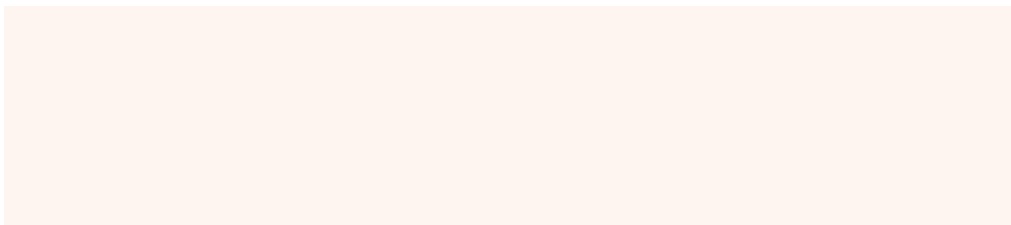

Mortality rate from cancer, ages 65+ years

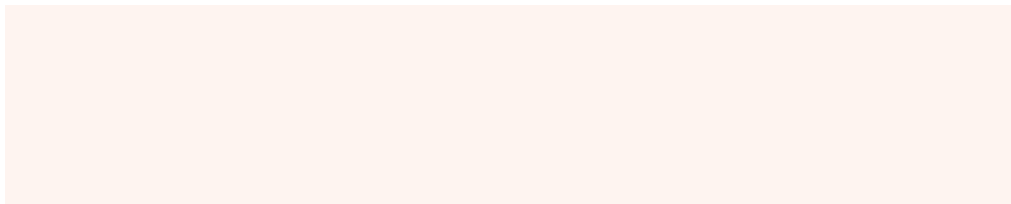

Percentage of deaths with underlying cause Cancer

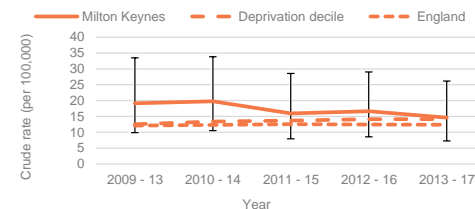

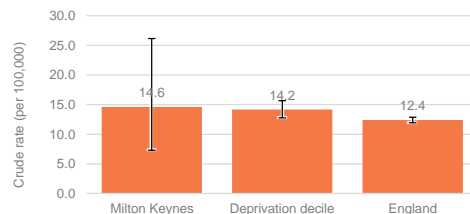

Key Points

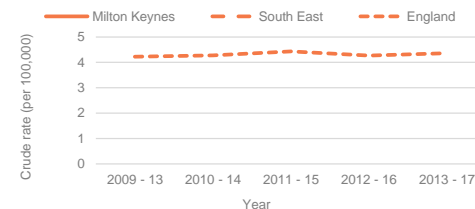

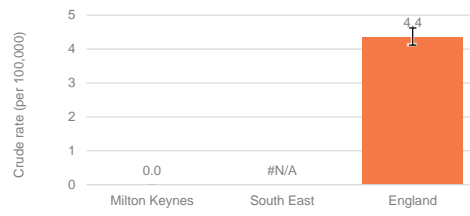

Key Points

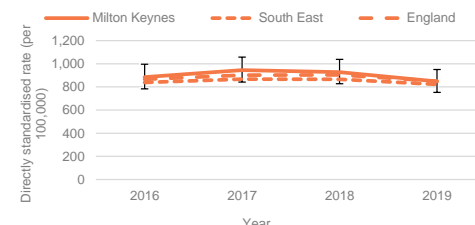

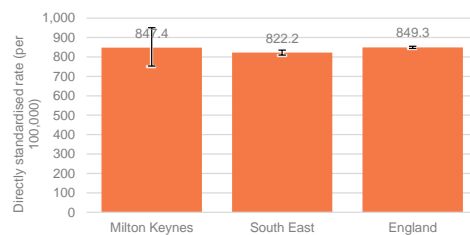

Suicide crude rate 65+ years: per 100,000 (5 year average) Males

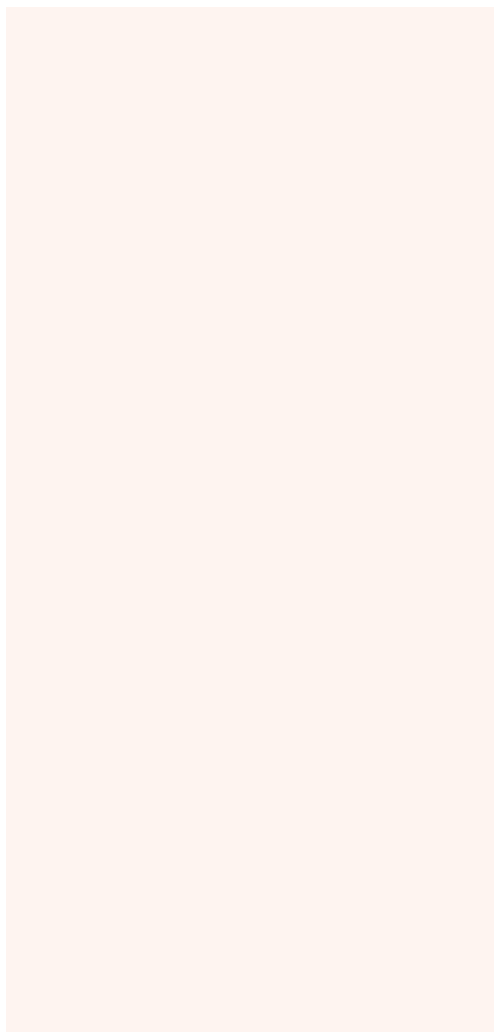

Suicide crude rate 65+ years: per 100,000 (5 year average) Females

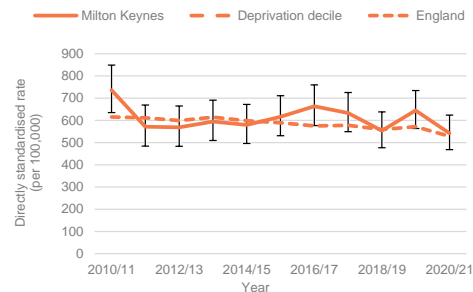

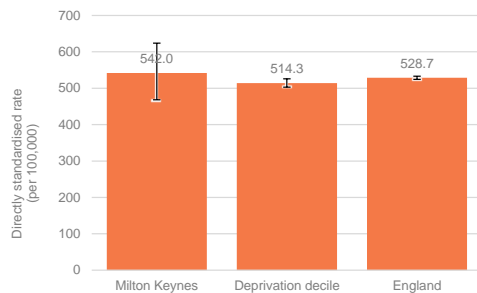

Direct standardised rate of mortality: People with dementia (aged 65 years and over)

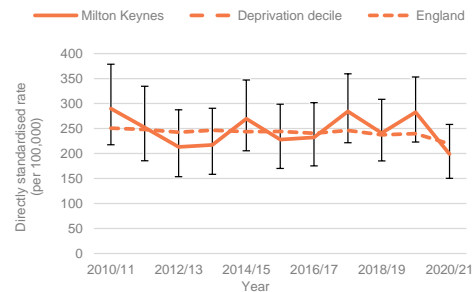

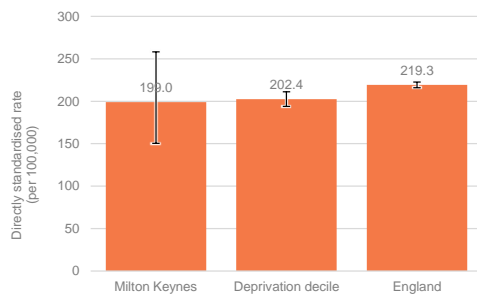

Key Points

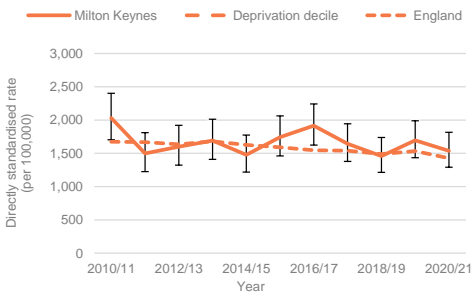

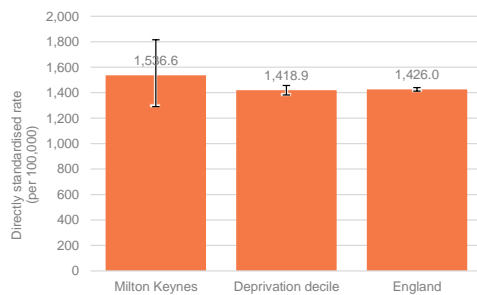

Hip fractures in people aged 65 and over

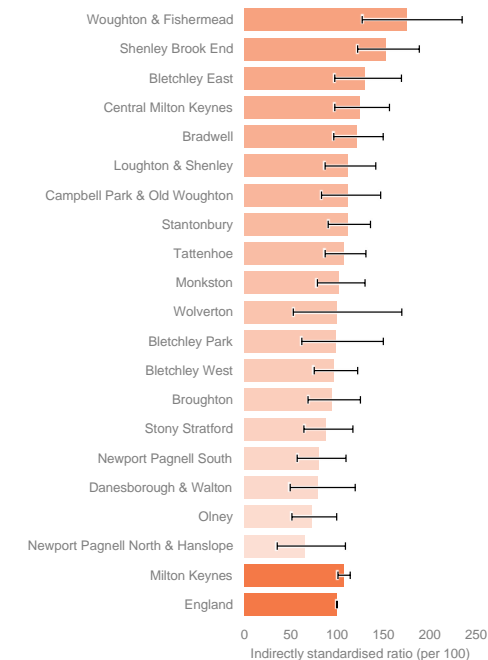

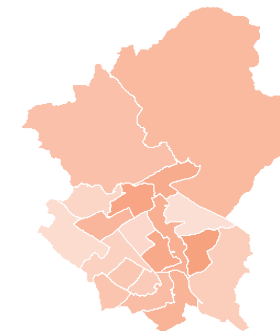

Hip fractures in people aged 65 to 79

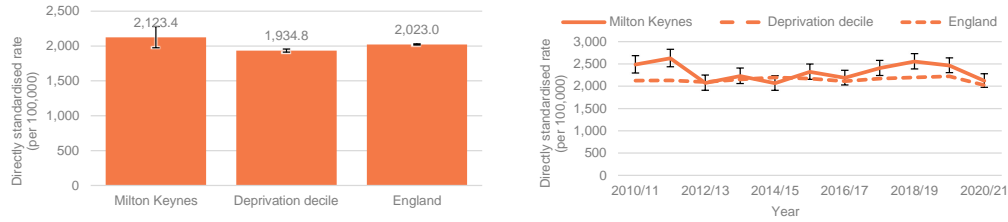

Hip fractures in people aged 80 and over

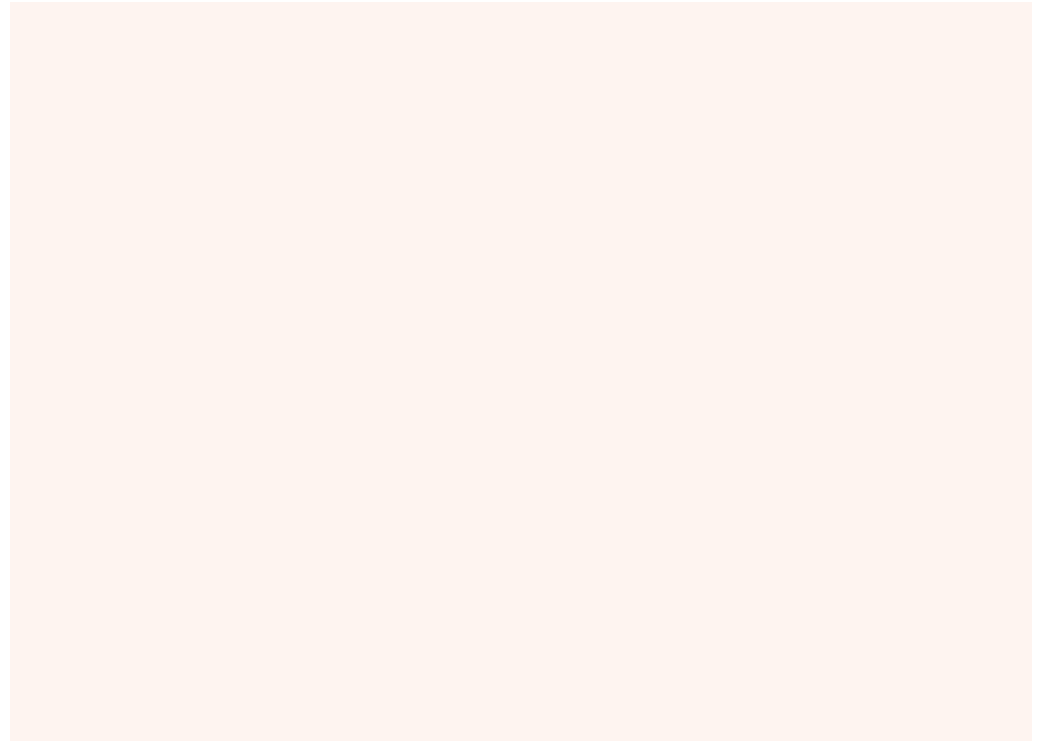

Emergency hospital admissions for hip fracture in persons 65 and over

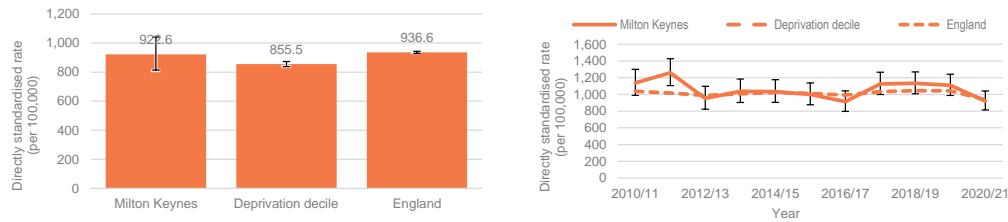

Emergency admissions due to falls in people aged 65 and over

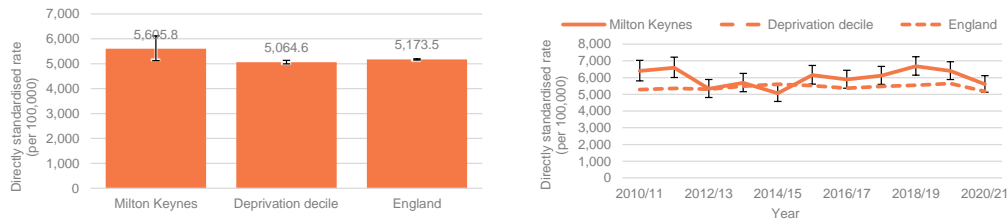

Key Points

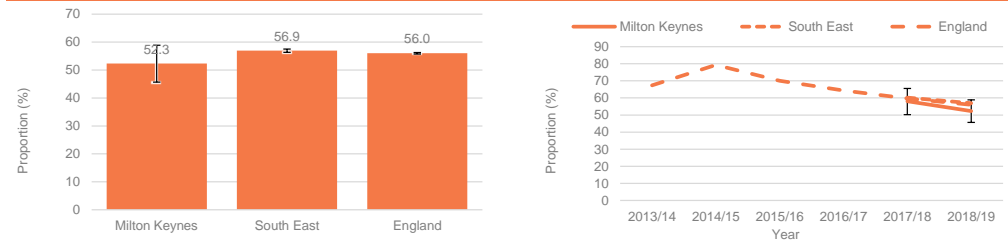

Emergency admissions due to falls in people aged 65-79

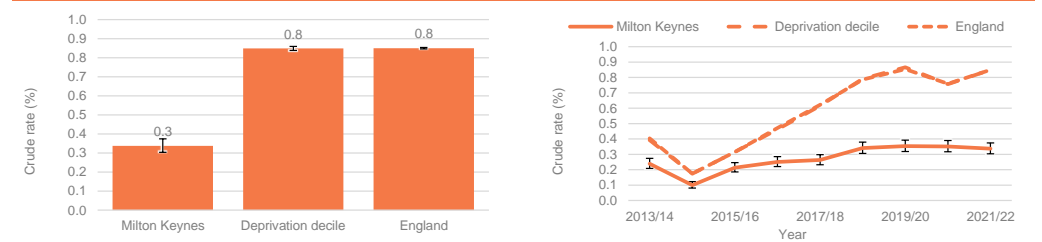

Emergency admissions due to falls in people aged 80+

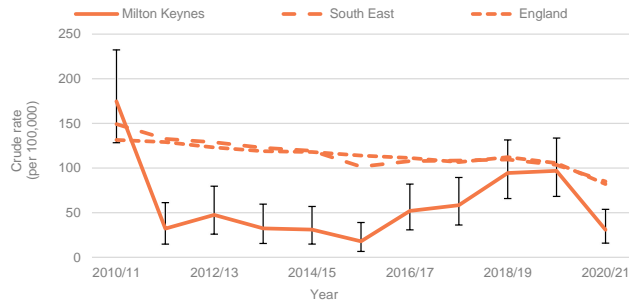

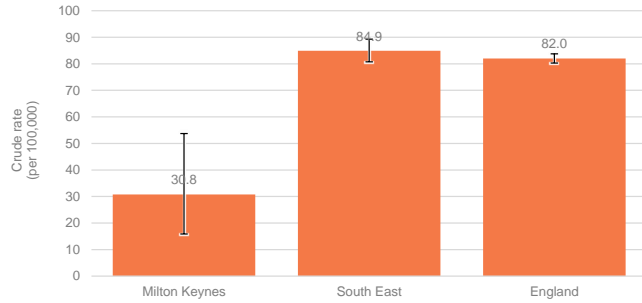

Patients (75+ yrs) with a fragility fracture treated with a bone-sparing agent

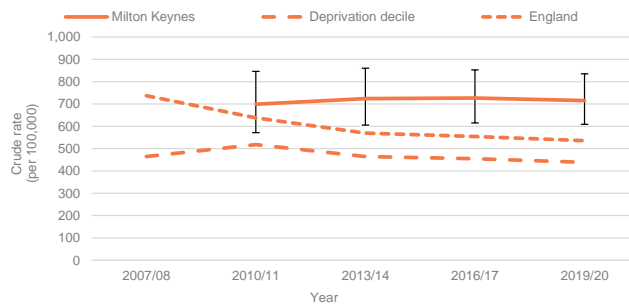

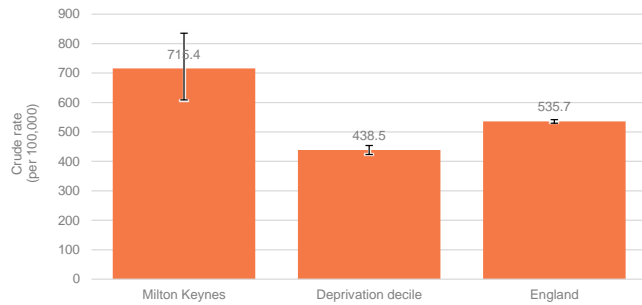

Osteoporosis: QOF prevalence (50+ yrs)

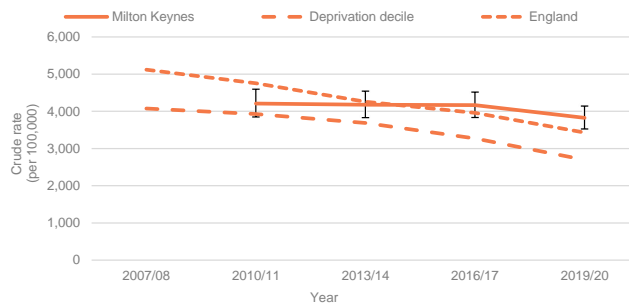

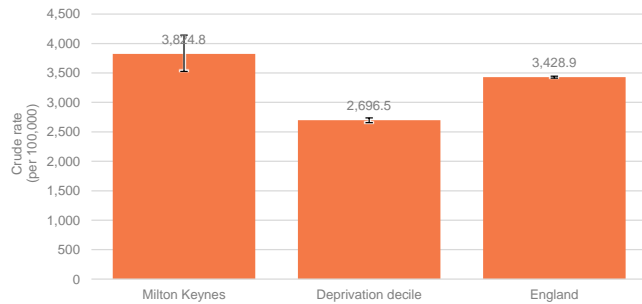

Preventable sight loss - age related macular degeneration (AMD)

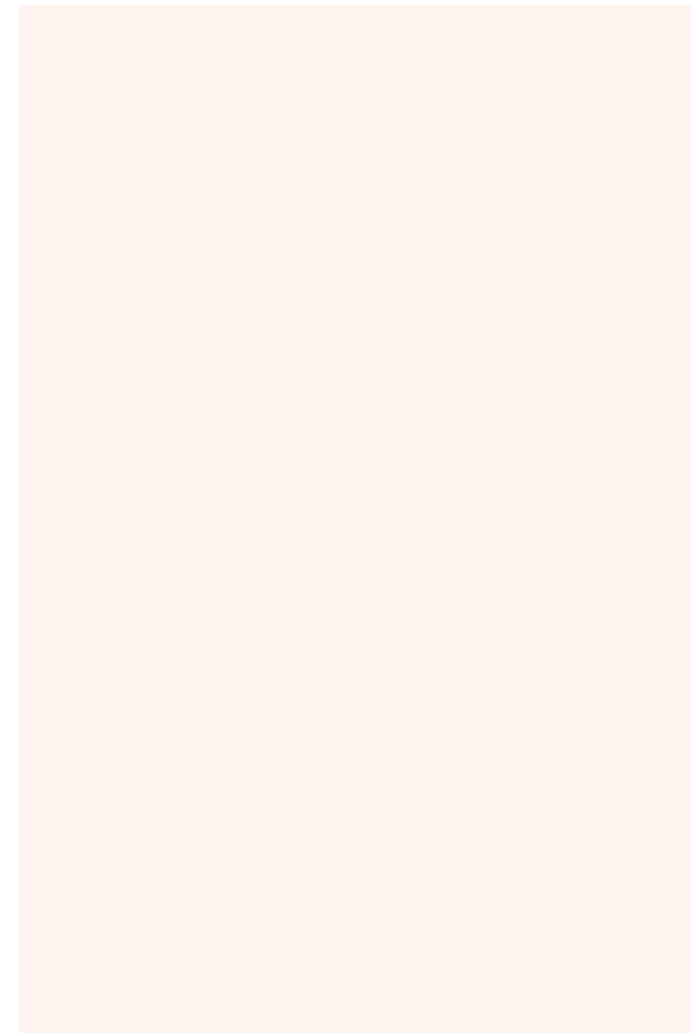

People aged 65-74 registered blind or partially sighted

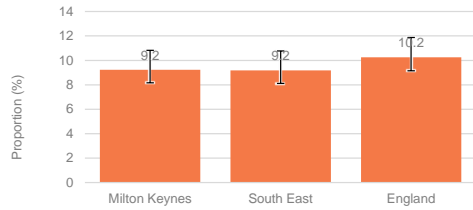

People aged 75+ registered blind or partially sighted

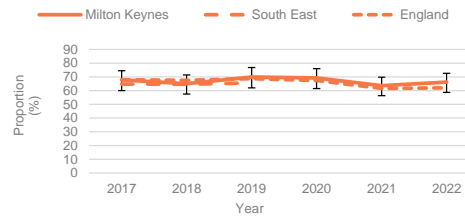

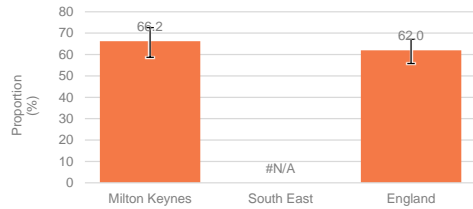

Key Points

Estimated prevalence of common mental disorders: % of population (65 and over)

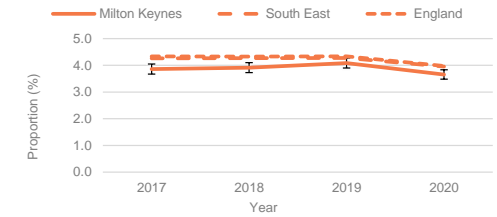

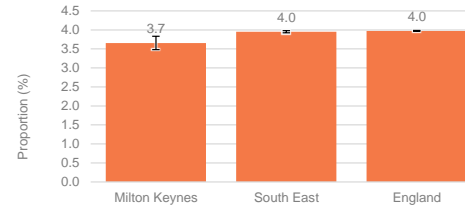

Estimated dementia diagnosis rate (aged 65 and over)

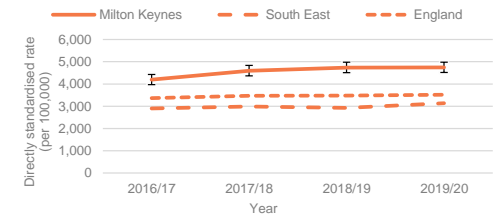

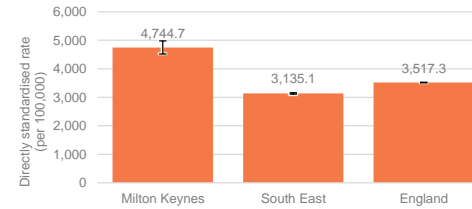

Key Points

Placeholder for key points related to the prevalence and diagnosis of common mental disorders and dementia.

Dementia: Recorded prevalence (aged 65 years and over)

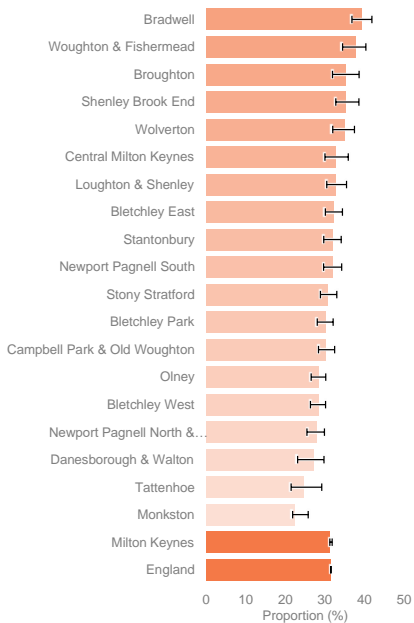

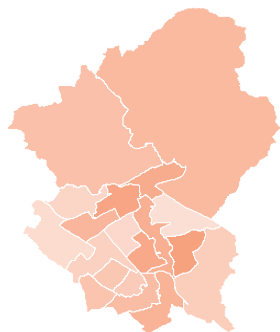

Dementia: Direct standardised rate of emergency admissions (aged 65 years and over)

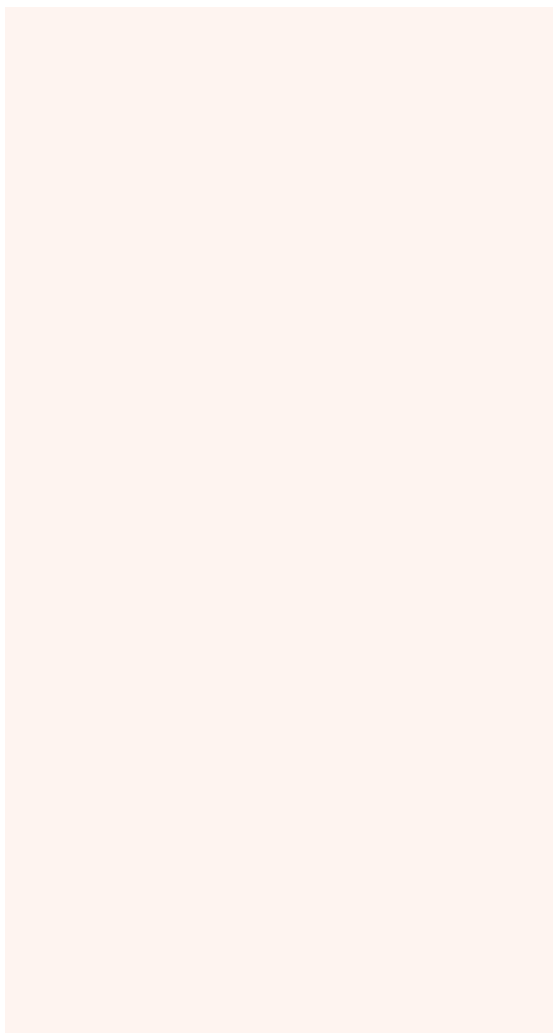

Key Points

Placeholder for key points related to the recorded prevalence and emergency admission rates for dementia.

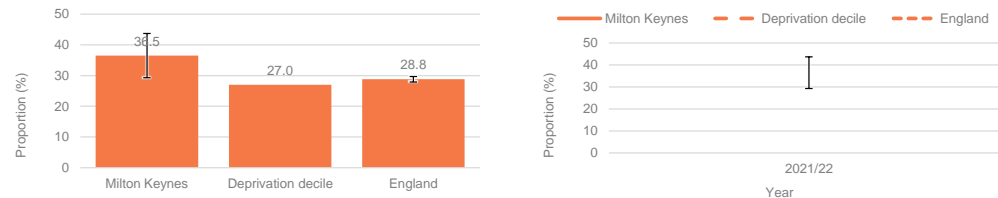

Older people living alone, % of people aged 65 and over who are living alone

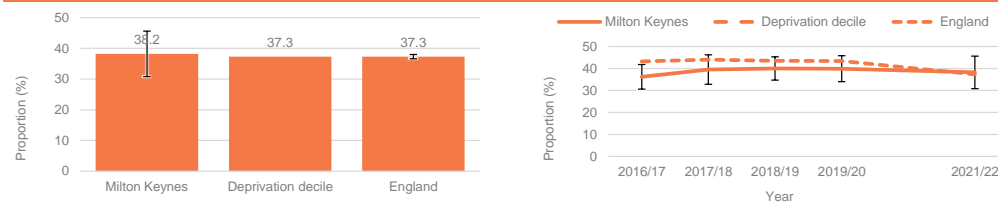

Key Points

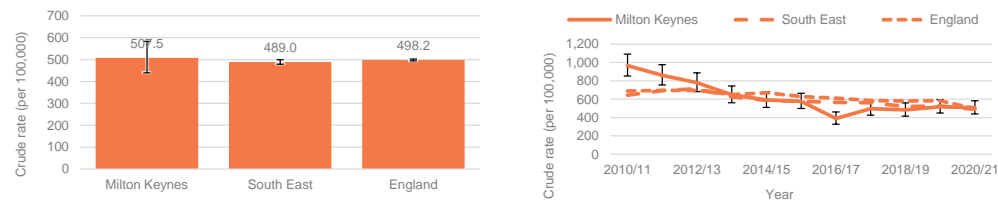

Social Isolation: percentage of adult carers who have as much social contact as they would like

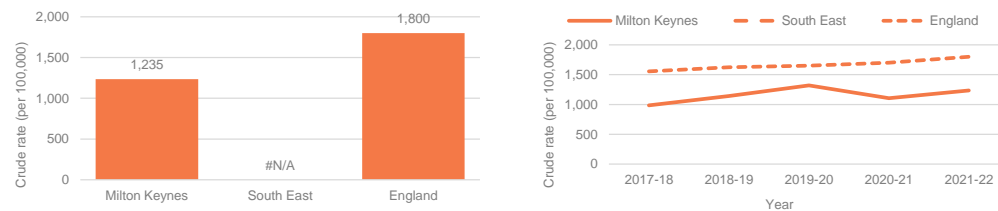

Social Isolation: percentage of adult social care users who have as much social contact as they would like

Permanent admissions to residential and nursing care homes per 100,000 aged 65+

Number of requests for support received from new clients per 100,000 adults, (65 and Over)

Maps

Several maps appear throughout this document, to which the following applies:

Maps reproduced from Ordnance Survey mapping with the permission of the Controller of Her Majesty's Stationary Office. © Crown copyright and database rights 2022 Ordnance Survey 100049028. You are not permitted to copy, sub-license, distribute or sell any of this data to third parties in any form.

Dates

Just a date is the calendar year (January-December) eg 2020

Dates separated with '/' indicates a financial year (April-March) eg 2019/20, 2020/21

Dates separated with '-' is a range, eg 2018-20 are all the cases between 2018 and 2020. Often with trend data the line graph will show overlapping, rolling-years eg 2018-20, 2019-21, 2020-22
